www.sciencej.com/ri/home.html

The transfer of copyright from the contributing authors (or corresponding author on behalf of co-authors) should be explicitly stated in writing to enable the publisher to publish and disseminate the author's work to the fullest extent. The following agreement must be signed by each contributing author and returned to Editor before the manuscript can be processed for publication. The form will be sent to the Publisher by two different methods. This is the corresponding author's responsibility to take written permission from co-authors.
